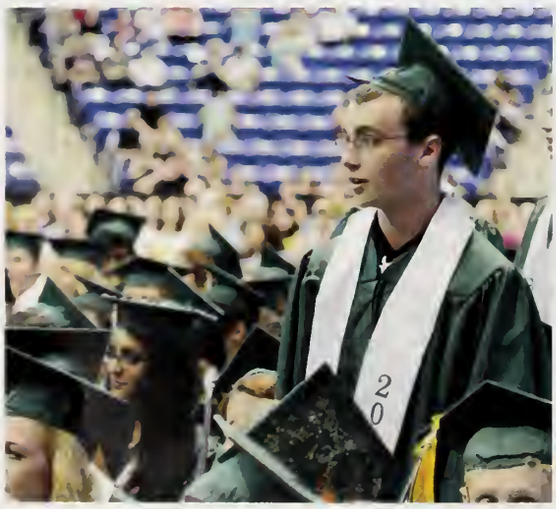
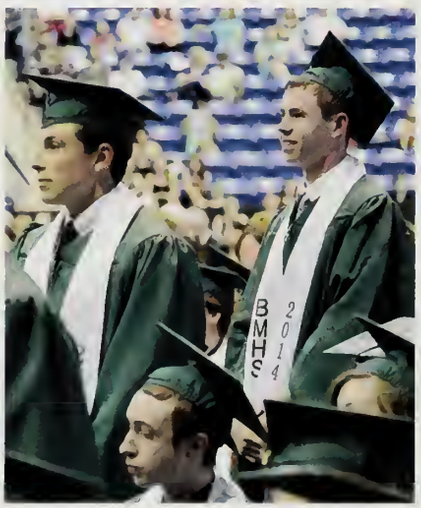
Class President Raj Patil
"We started out as strangers and we've transformed into a family. Why don't we capture this moment? I'll continue my speech, but first, let me take a selfie... Try to be the best so it means something good for the world. We'll need to find cures for deadly diseases. We'll need to stop global warming and put an end to gun violence."

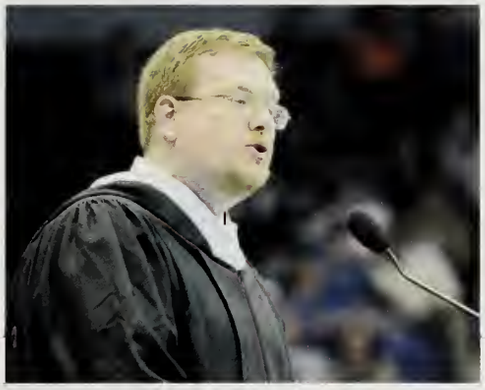
Salutatorian Daniel Spencer
"I'd also like to thank the awesome faculty here at BMHS. I thank the outstanding teachers, administrators, guidance counselors, custodians, and whoever decided that the reward for competing for the highest GPAs in the class is to give a speech in front of 2,000 people."

Valedictorian Nikila Vasudevan
"I have realized that it's not too late to appreciate my education, which has been something of a secret gem. Having been a Billerica student since first grade, I can look beyond the physical condition of the school and see that it's what's inside that counts…all the people who make BMHS a truly great school: the outstanding teachers and students."





Principal Tom Murphy
"You are our future leaders. You will have many tomorrows. You will have many opportunities to invent the reality of our world. I ask that you make a difference in the world around you."



Superintendent Timothy Piwowar
"Many of you think it's hard to believe the high school was ever new. In 2074, your grandchildren will wonder how their building was ever new...But what makes the school special is the strength and passion of the people within."

Commencement Speaker
Peter Coppinger, BMHS Class of 1977
"Perhaps most importantly, do not be afraid to take chances. Risk taking is an integral part of growing up and a necessary component of success and ultimately of happiness."
